

*for helping us prevent and cure liver disease tomorrow  
by funding liver disease research today*

# THANK YOU

## New Challenges – New Solutions THE CAMPAIGN FOR AASLD

### WE STAND AT A CROSSROADS

Advanced liver research has the potential to save lives and dramatically expand our medical and scientific knowledge. But funding is decreasing and potential hepatologists are pursuing careers in other specialties.

As a society dedicated to liver research and education to advance treatment, we see that the field of hepatology is faced with new challenges that require innovative solutions. That's why we launched *New Challenges — New Solutions*, a campaign to raise funds to educate physician scientists and support their research. We are enlisting the support of those who share our passion for hepatology, including you.

### OVER \$6 MILLION RAISED FOR

- Career Development Awards
- Advanced/Transplant Hepatology Fellowships
- Single Topic Conferences

To add your name to the growing list of those committed to ensuring *New Solutions* for these *New Challenges*, go to [www.aasld.org/donatenow](http://www.aasld.org/donatenow) and make your contribution or contact the AASLD Development Office at 703-299-9766.
