

# THE LIVER RESEARCH FUND

KNOWLEDGE | PRACTICE | CURE

## HOPE – FOR A CURE

LIVER DISEASE DOES NOT MAKE THE HEADLINES...

... but the need for research has never been more critical, and the need for hepatology professionals has never been greater.

The Liver Research Fund provides immediate unrestricted support for the educational grants, research awards, fellowships and programs that are dedicated to the discovery of new treatments for liver disease and encouraging young investigators to pursue careers in hepatology.

Please join us in this critical effort by supporting the programming that will lead to life-saving treatments—and eventually, a cure. 100% of your donation is used to support our vision—to prevent and cure liver disease.

**DONATE TODAY!** [www.aasld.org/donatenow](http://www.aasld.org/donatenow)
