**Webinar: Chronic Hepatitis C 101 - The Basics**

As chronic hepatitis C infection therapy moves outside the realm of specialty care, more providers want to be well-versed in both identifying patients and treating them appropriately. This webinar is designed for the HCV-treating novice. Complimentary registration.

Tuesday, 12:00pm ET - Tuesday, 1:00pm ET

**Webinar: COVID-19 and the Liver - Antibody Testing and Treatment Recommendations**

Speakers Kimberly Ann Brown, MD, FAASLD, Emmanuel Thomas, MD, PhD, FAASLD, Laura M. Kulik, MD, and moderator Brendan M. McGuire, MD will discuss antibody and other diagnostic testing, present case studies and a journal review of treatments, and take questions during a live Q&A.

Thursday, 5:00pm ET - Thursday, 6:00pm ET

Webinar: Hepatitis C: Infection Beyond the Liver  

Extrahepatic manifestations of HCV contribute to its increased overall mortality rate in those infected relative to those who aren’t; associated cardiovascular, neoplastic and renal manifestations can contribute significantly to a patient’s truncated lifespan beyond liver-related morbidity. This webinar will address the recognition and the treatment of extrahepatic manifestations of chronic HCV infection. Complimentary registration.
