Exhibit Eligibility

All products and services exhibited must be germane to the study and practice of hepatology and have appropriate governmental and agency approval, if applicable. AASLD retains the sole authority to determine the eligibility of any company and/or its product.

AASLD reserves the right to accept or refuse any application in its sole discretion, including but not limited to, refusing applications of organizations not meeting standard requirements or expectations. This applies to displays, literature, advertising novelties, souvenirs, conduct of persons, etc.

Priority Point System

A priority point system is used to determine the order in which exhibitors are assigned booth space each year. AASLD utilizes the following exhibitor priority point system:

- One (1) point for each 10 feet x 10 feet of exhibit space purchased since 2000
- One (1) point for every $5,000 in corporate support of The Liver Meeting® since 2001

Priority points are maintained on a cumulative basis. An exhibiting company with accrued points may decide not to exhibit one out of five consecutive years and maintain all accumulated points. Any company that does not exhibit two times in five consecutive years will lose all accumulated points.

Exhibiting companies’ priority points may not be combined. In the event an AASLD exhibiting company merges with, buys, or is bought by another AASLD exhibiting company, the total points from the company with the highest number of points will be utilized as the point total for the new company. All requests to transfer points must be made in writing on company letterhead and verified by the parent or subsidiary company.

Space assignments are made in one of the following three ways:

1. Onsite exhibitors are given the first opportunity to submit applications and reserve space for 2019 based upon accumulated priority points as of October 1, 2018.

2. Space assignments for exhibitors whose applications are received by AASLD through email, fax, or USPS between November 11, 2018, and January 16, 2019, will be made based upon accumulated priority points by the exhibiting company as of October 1, 2018 and the date the application is received by AASLD. In the event two or more companies have the same total points, priority for space assignment will be determined by the date the application and payment are received by AASLD.

3. Applications received after January 16, 2019, will be assigned space on a first-come, first-served, space availability basis and the point system will no longer apply.

Application for exhibit space must be made on the official AASLD Exhibit Space Application and Contract. Tentative reservations will be accepted via email after January 16, 2019. All tentative reservations are held for 10 working days only. Within this time period, the application and payment must be forwarded to AASLD or tentative space will be released. No space will be assigned until both an application and full payment have been received.

Exhibitors wishing to avoid assignment of space adjacent to that of a particular competitor should indicate the company on their applications. Careful consideration will be given to all such requests, but relocation cannot be guaranteed.

In the event of conflicts regarding space requests or conditions beyond the control of exhibit management, AASLD reserves the right to revise, relocate, or reassign exhibit booths at any time for the overall benefit of the meeting. A revised floor plan will be provided upon request.

View Floorplan
Designated Nonprofit Area
Exhibitors defined as nonprofit companies and who receive the reduced booth price of $525 have a designated area on the show floor. Nonprofit exhibitors do not have the option to choose booth space in other locations on the exhibit floor for this reduced rate. Nonprofit rate includes: rental of one 10-X-10-foot booth space, side and back drape, and one identification sign. Any additional requirements will be the responsibility of the exhibiting organization. Additional booths requested are charged the regular booth price.

Booth Space Fees
Standard booth is 10 ft x 10 ft; maximum booth size is 40 ft x 40 ft.

Payment of Previous Debts
All debts owed by the exhibitor to AASLD must be paid in full prior to contracting for booth space at The Liver Meeting®. Booth space will not be assigned to a company that has accounts due to the Association. AASLD can sell cancelled or downsized space to another exhibitor without any rebate or permission and no Priority Points will be awarded.

Cancellation or Downsizing of Booth Space
Cancellations or requests to downsize space must be submitted to AASLD in writing. The date on which the exhibitor’s written notice of cancellation is received in AASLD’s office will be the official cancellation date.

If space is cancelled on or before July 1, 2019, AASLD will retain 25% of the total booth cost. Any exhibitor who cancels space after July 1, 2019, will be responsible for the total booth cost. No refunds will be given for cancellations received after July 1, 2019. Priority Points will be based on booth size at the time exhibiting begins.

If written notification of booth space downsizing is received on or before July 1, 2019, the exhibitor is responsible for 25% of the original exhibit space contract, plus the cost of the redefined exhibit space. No decreases in booth size or configuration will be made after July 1, 2019. AASLD retains the right to relocate an exhibitor after downsizing. Priority Points will be based on booth size at the time exhibiting begins.

Failure to Occupy Space
Exhibitors not occupying booth space by 2:30 pm on Saturday, November 9, 2019, will forfeit their booth space without refund. The space may be resold or used by AASLD. No Priority Points will be awarded if space is unoccupied at time exhibiting begins.

Food and Drug Administration (FDA) Market Clearance
All products exhibited must have fulfilled all applicable FDA regulations. Products that are not FDA approved for a particular use in humans or are not commercially available in the United States will be permitted to be displayed only when accompanied by appropriate signs that indicate FDA clearance status. The signs must be clearly and easily visible and placed near the product and on any graphics depicting the product.

Display of investigational products is to remain within the expectations and limitations of the Food and Drug Administration’s Guidelines on Notices of Availability. Any investigational product graphically depicted on a commercial exhibit should:
- Contain a statement on signage: “Caution—Investigational Product—Limited to Investigational Use” (or similar statement) in prominent size and placement.

It is the exhibitor’s responsibility to contact the FDA to ensure compliance with the current FDA guidelines. Contact the FDA Office of Compliance regarding your responsibilities under the Federal Food, Drug and Cosmetic Act.

Dismantling of exhibits begins at 3:00 pm on Monday, November 11. Dismantling or tearing down of exhibits prior to the official close of the exhibition is prohibited and will result in the loss of priority points. Repeated violations could result in denial of future year’s exhibit application.

Booth Construction

Every exhibit space should allow for the visibility of other spaces. The following rules for booth construction ensure that every exhibitor has reasonable site lines to the aisle. All exhibits must conform to the standards set by the Healthcare Convention and Exhibitors Association, which are as follows:

• No obstructions in the front half of an in-line booth above a height of 40 inches are permitted. The booth height of 8 feet, inclusive of company name and logo, may be maintained up to 50% of the distance from the back wall toward the front of the space.

• All booths must be fully carpeted or have floor covering for the entire booth space.

• Island height is restricted to 16 feet for the booth structure and there must be access from all four sides with a 40% see through effect from front to back and from side to side. All island booths must submit the booth layout for approval at least 60 days prior to the meeting. Layouts must include the dimensions and elevations of all booth components on a scaled grid.

• Electrical or other mechanical apparatus must be muffled so noise does not interfere with other exhibitors.

• The reverse side of any wing panel extending from the back wall of a display must be draped in order to avoid raw exposure to a neighboring booth. To remedy instances of noncompliance, AASLD show management will have exposed areas draped at the exhibitor’s expense.

• No part of any equipment, or signs relating thereto, shall be posted, taped, nailed or otherwise attached to columns, walls, floors, or other parts of the building or its furniture, in any way to deface same; damage arising by failure to observe these rules shall be payable by the exhibitor.
The exhibit hall will be inspected during installation hours. An effort will be made to advise exhibitors of any deviation from exhibit rules at that time. Exhibitors must make all corrections requested by AASLD at their own expense or risk removal from the exhibition without notice and without obligation on the part of AASLD for any refund.

In-line Booth
An in-line booth is 10 feet wide, 10 feet deep, and 8 feet high. In-line booths confined to perimeter walls may be up to 12 feet in height.

Corner Booth
A corner booth is 10 feet wide, 10 feet deep, 8 feet high, and is at the end of a row of in-line booths with access to two through aisles.

Island Booth
An island booth is 20 feet wide and 20 feet deep or larger. The island exhibitor receives the following benefits: a) 32 additional feet of “sales interface” area; b) waiver of the 8-foot height restriction; c) waiver of sidewall restrictions; and, d) increased visibility from all areas of the exhibit hall. Island height is restricted to 16 feet (as allowed by ceiling height) and there must be access from all four sides with a 40% see through effect from front to back and from side to side.

Forty Percent See-Through Rule - Any structure that is more than 4 feet in height must have 40% visibility in height beyond 4 feet on all sides. Exhibitor must use Plexiglas or a similar transparent material to create any structure or wall that will allow for a line of sight above 4 feet. Booth components and fixtures cannot be arranged within the booth to build a wall that violates this rule.

Five Foot Set Back Rule - Side rail and counter height restrictions are waived with the understanding that any side rail, counter, or display fixture that exceeds 4 feet in height will not be allowed within 5 feet of the aisle to protect the sight lines of the surrounding exhibitors.

All island booths must submit the booth layout for approval at least 60 days prior to the meeting. Layouts must include the dimensions and elevations of all booth components.

Island Booth: Multi-story
Multi-story island exhibits require fire marshal approval, making the review of blueprints well in advance essential. Design material should be submitted to AASLD at least 60 days prior to the meeting for review and approval by the Hynes Convention Center fire marshal.

Booth Furnishings and Decorations
AASLD provides the pipe and drape, 8-foot-high backdrop, 36-inch side rails, and a 7-inch x 44-inch name sign. Each exhibitor is responsible for carpeting his booth space. Order forms for rental furniture and other special materials will be included in the Exhibitor Services Online Manual.

Exhibitor Services Online Manual
Exhibitors will receive a link to access the services manual online in August 2019. The online manual will include order forms for all services, including telephone, audiovisual equipment, floral, booth furnishings, and booth cleaning services.

Exhibitors are encouraged to place orders no later than two weeks before the opening of the meeting to take advantage of discounts and minimize delays during setup. Be sure to consult each form for deadlines, as they may vary depending on the supplier.

While a schedule of rates and equipment will be included in the Exhibitor Services Online Manual, special electrical requirements must be arranged directly with the convention center.

Storage of Crates and Boxes
Storage of crates and boxes can be arranged with Freeman, as outlined in the Exhibitor Services Online Manual. All cartons, crates, containers, packing materials, etc., that are necessary for repacking, must be labeled with “empty” stickers, and they will be removed from the floor by Freeman. Crates and boxes cannot be stored behind booth displays.
Additional Rules and Regulations

The AASLD Exhibitor Prospectus and Booth Application/Contract is the agreement and terms and conditions for exhibiting. Generally, AASLD will not execute separate agreements for booth space. In the event AASLD agrees to execute a separate agreement in writing, AASLD will not agree to terms and conditions which override, modify, or conflict with these terms and conditions. This Agreement is the entire agreement between AASLD and Exhibitor with respect to its subject matter, and supersedes all prior oral and written understandings, communications, or agreements between AASLD and Exhibitor. No amendment or modification of this Agreement, in whole or in part, will be valid or binding unless it is in writing and executed by authorized representatives of both AASLD and Exhibitor. In the event that the terms of a separate agreement conflict with the terms of this Agreement, the terms of this Agreement shall control. If any provision of this Agreement is void or unenforceable, the remainder of this Agreement will remain in full force and will not be terminated.

AASLD shall have full power in the interpretation and enforcement of all rules and regulations governing exhibitors. All matters and questions not covered by these regulations are at the discretion of AASLD. AASLD reserves the right to rule on all matters pertaining to The Liver Meeting® 2019, whether expressly mentioned or not, and Exhibitor, by completing the application process, agrees that all rulings shall be binding upon both Exhibitor and AASLD. These rules and regulations may be amended at any time by AASLD, and all amendments, upon notification, shall be equally binding on all parties affected by them as the original regulations. Amendments will be binding without notification in the event of an emergency or if such amendment is required by the current convention center. Notification may be verbal or in writing, before or during The Liver Meeting®, and may be given to any authorized agent, designee, or representatives of the exhibitor. Whenever possible, AASLD will issue a warning and ask the exhibitor to correct the violation. If the issuance of such a warning is not practical, or will not serve to immediately correct the violation, then a penalty may be imposed and or remedied at Exhibitor expense.

In the event of a violation of this Agreement, AASLD may eject Exhibitor from the exhibit space and/or have exhibit materials removed. No fees will be returned to Exhibitor and Exhibitor shall be liable to AASLD for the costs associated with such eviction. In addition to remedies provided in this Agreement, AASLD shall have, and may exercise, all other remedies afforded to it by law for costs or damages suffered on account of such violations. The Exhibitor assumes all responsibility for compliance with all pertinent ordinances, regulations and codes of duly authorized local, state and federal governing bodies concerning fire, safety and health, together with the rules and regulations of the operators and/or owners of the property wherein the meeting is held.

Abstract Embargo Policy

Accepted abstracts are made available to the public on the AASLD website and are published in the October supplement of HEPATOLOGY. Information contained in those abstracts may not be released until the abstracts appear on the AASLD website. Academic institutions, private organizations, and companies with products whose values may be influenced by information contained in an abstract may issue a press release to coincide with the availability of an abstract on the AASLD website. However, information beyond that contained in the abstract, e.g., discussion of the abstract done as part of a scientific presentation or presentation of additional or new information that will be available at the time of the meeting is embargoed from release to the general public until Tuesday, November 12, 2019 at 9:00 am (EST).

Information released prior to this day is a violation of the AASLD Abstract Embargo Policy and the abstract is subject to withdrawal from The Liver Meeting® program. Authors are responsible for notifying financial and other sponsors about this policy.

AASLD may allow for exceptions, on a case-by-case basis, to the Abstract Embargo Policy for compelled disclosures mandated by federal securities laws. However, AASLD requires the company President, General Counsel, or other appropriate official of a company seeking such an exception to attest in writing to the specific facts in support of the request, including exactly how the securities laws are implicated, with statutory citation(s). General statements of the need to comply with the law will not be considered sufficient. Requests for an exception must be sent to the AASLD Chief Executive Officer (sechard@aasld.org). AASLD requires a minimum of five (5) days from receipt of the request to evaluate the request. In granting an exception, AASLD requires the company to state in their public disclosure that the complete and final results will be presented at The Liver Meeting®. The AASLD will also require the inclusion of unreleased and unique data in such a presentation at The Liver Meeting®.

Public release of a journal article relevant to the abstract will be considered an exception to the Embargo Policy if at the time of the abstract submission deadline, the decision concerning the manuscript had not been revealed to the authors.

To reduce the probability of infractions and loss of exhibit priority points, agents and designees should be knowledgeable of the policies in this Prospectus and aware that sanctions for violations will be assessed against the exhibiting company and the agent or designee, including but not limited to the loss of the exhibitor’s priority points.

Booth Conduct

AASLD reserves the right to approve all exhibits and related activities. Exhibitor cannot violate the rules of the convention center or otherwise undertake any action which increases the insurance obligation of AASLD. To avoid costly errors, exhibitors should obtain approval for booth activities from AASLD prior to finalizing materials (e.g., marketing brochures, booth construction, interactive electronics, etc.). Programs or presentations must be straightforward in nature, must avoid the use of sideshow or theatrical gimmicks, and cannot offer CME credits. AASLD may require that an exhibit be curtailed if it does not meet the standards required or expected, if it reflects against the character of AASLD or The Liver Meeting®, or if it exceeds the bounds of good taste as interpreted by AASLD, in its sole discretion. An exhibitor of a questionable exhibit or activity must submit a description of the exhibit or activity to AASLD for approval.

AASLD reserves the right to expel or refuse admittance to any representative whose conduct is, in its opinion, not in keeping with the character and/or spirit of The Liver Meeting®.

Exhibit personnel may not enter another exhibitor’s booth without obtaining permission. Lingering in the aisles surrounding another exhibitor’s booth for the purpose of obtaining product information or distracting other booth personnel is strictly prohibited. Canvassing or distributing advertising matter outside the exhibitor’s own booth is not permitted.

Breaches of Contract

Breaches or infractions of the exhibitor’s contractual obligations could affect the status of the company’s future eligibility to exhibit and/or result in the termination of the exhibitor’s privileges at The Liver Meeting®. Termination may become effective during the exposition, at which time the exhibitor must remove his exhibit as soon as possible without disruption of the exposition. Expulsion of or restrictions placed on an exhibitor may not give rise to a claim for any refund of rental or other exposition expenses.

Cancellation of Exposition

It is mutually agreed that AASLD shall not be liable for failure to deliver exhibit space to an Exhibitor as contracted for due to causes beyond AASLD’s control, including, without limitation, acts of God, fire, strikes, governmental regulations, war, terrorism or causes which would prevent its scheduled opening or continuance, supplier failures, rationing, acts of local, state or national governments or public agencies, utility or communication

All advertising must be factual, dignified, tasteful and intended to provide useful booth, product and service information. These standards apply to all product-specific promotional material submitted for inclusion in the official AASLD programs. The publication of an advertisement is not to be construed as an endorsement or approval by the AASLD unless the advertisement specifically includes an authorized statement that such approval or endorsement of the product or service being offered has been granted by AASLD.

The AASLD reserves the right to accept or reject advertising at its sole discretion for any product or service submitted for advertisement.
