

Friday, November 4

8:30 – 9:30 a.m.

President's Welcome: New Horizons with Laurie DeLeve, MD, PhD, FAASLD

President's Choice Lecture: Xenotransplantation with Muhammad Mohiuddin, MBBS, MD

General Session Ballroom ABC

Kick The Liver Meeting® off right by attending the opening session featuring two titans in the field.

9:30 – 10:00 a.m.

Hyman Zimmerman State-of-the-Art Lecture: Mechanisms of Drug-induced Liver Injury with Jack Uetrecht, MD, PhD

Room 146

10:00 – 11:30 a.m.

Hepatotoxicity SIG Programming: Gut Microbiota and Drug-induced Liver Injury-basic Mechanisms and Clinical Applications

Room 145

10:00 a.m. – 2:30 p.m.

Liver Fibrosis and Liver Cell Biology SIG Programming, Parts 1 and 2: Metabolic Reprogramming of Liver Cells as a Driving Force in Liver Fibrosis

Room 146

5:00 – 6:30 p.m.

Exhibit and Poster Hall Reception

Exhibit Hall

Mingle with colleagues and industry representatives while enjoying complimentary beverages and snacks. Open to all attendees! Be sure to visit the AASLD Hub for valuable career resources.

6:30 – 7:30 p.m.

PRIDE Reception

Marriot Marquis Dupont Circle Room

Show your pride or your support for the LGBTQ Task Force's first TLM PRIDE reception! Open to all attendees.

Tuesday, November 8

8:00 – 10:00 a.m.

The Liver Meeting Debriefs

General Session Ballroom ABC

Missed something during the meeting? Catch these sessions to hear a summary of the science news you might have missed!

10:00 – 11:00 a.m.

Late-breaking Oral Session 3

General Session Ballroom ABC

Don't miss the latest! Be sure to stick around to catch the last of three late-breaking oral sessions on the hottest science in hepatology.

11:30 a.m. – **Bon Voyage!**

The meeting adjourns. Safe travels back home, and see you next year in Boston!

Educational programming isn't all that TLM has to offer! Hop into a Community Conversation to join informal discussions on a variety of specialty topic areas. Check out the app for more information.

We've gone digital! Download the TLM app for resources and the most up-to-date meeting information.

Earn your continuing medical education (CME) credits while learning from industry experts at our Satellite Symposia sessions. See the app for more information.

JOURNEY MAP

AASLD Nov. 4-8, 2022

The Liver Meeting®

Chart your course at the hottest meeting in hepatology!

📍 Saturday, November 5

8:00 a.m. – 5:00 p.m.

Basic Science Symposium

Room 146

Attend this flagship course and learn from the best on issues surrounding basic, translational and clinical research!

6:00 – 7:30 p.m.

Distinguished Awards and Awards & Honors Ceremony

General Session Ballroom ABC

Come pay your respects as the trailblazers who have had a major impact on the specialty receive AASLD's highest honor.

Hear from renowned experts in hepatology! Our Meet-the-Expert sessions are too good to miss. Catch them on Saturday, Sunday and Monday, 8:00 – 9:00 a.m. and 1:00 – 2:30 p.m. These are ticketed events.

Don't worry if you miss a session on your map. Most sessions will be available on The Liver Meeting Digital Experience™ (TLMdX) platform through February 8, 2023.

Show your liver some love during our first TLM Liver Loop 5K Fun Run. Go to the AASLD Hub in the exhibit hall to find out how to participate!

📍 Sunday, November 6

9:00 – 10:30 a.m.

New Developments in Genetic Disease of the Liver

Room 145

Hear the latest on active areas of research in a broad range of genetic hepatic conditions.

9:00 a.m. – noon

Basic Research Workshop – Regulation of the Hepatic Immune Response: Novel Techniques and Models.

Room 151

Noon – 1:00 p.m.

Year in Review (Basic)

Room 151

Attend this session to learn about advancements in hepatology over the past year.

2:00 – 3:30 p.m.

PBC/PSC and Other Cholestatic Disease (Basic and Translational)

Room 147

Physicians and scientists: Welcome! Gain a better understanding of the mechanisms that drive PBC and PSC in this session including basic, translational and clinically applicable work.

2:00 – 3:30 p.m.

Genes to Cures: What's New in Pediatric Liver Disease?

Room 145

Hear about the latest research in this parallel session covering cholestatic and genetic liver diseases in children and their treatment options.

4:30 – 6:00 p.m.

Hepatic Fibrosis (Basic)

Room 202

Expand your knowledge in this session focused on the cell biology of hepatic fibrosis and hepatic stellate cells.

7:30 – 11:00 p.m.

Members Reception

National Portrait Gallery

Don't miss the event of the year for all AASLD Members. Not a Member? What are you waiting for? Join today and get access to this swanky soiree.

📍 Monday, November 7

9:30 a.m. – 10:00 a.m.

Leon Schiff State-of-the-Art Lecture: The Evolution of Disease Modeling in NAFLD with Jacquelyn Maher, MD

Room 146

10:00 a.m. – 10:30 a.m.

Hans Popper State-of-the-Art Lecture: Human Liver Organoids for Drug Development in Hepatology with Takanori Takebe, MD, PhD

Room 146

11:30 a.m. – 1:00 p.m.

Presidential Plenary (Basic and Translational)

General Session Ballroom ABC

Attend this session to learn about the latest developments in cell and molecular biology, genetics and immunology of liver disease from abstracts hand-picked by AASLD President Laurie DeLeve.

2:00 – 3:30 p.m.

Liver Injury

Room 147

Learn about innovative approaches to studying drug-induced liver injury ex vivo in human cells.

4:30 – 6:00 p.m.

Cholangiocentric Studies Targeting Biliary Disorders

Room 147

This session highlights studies that specifically target cholangiocyte biology/function to better understand potential therapies for cholestatic liver injury.

6:00 – 7:00 p.m.

Diversity Reception

Marriott Marquis Union Station Room

Show your support for the Inclusion and Diversity Committee's efforts! Open to all attendees.
