

**TLM 2023 CME/MOC Credit List**

<b>SESSION TITLE</b>	<b>SESSION SUBTITLE</b>	<b>CME Credit</b>	<b>ABIM MOC</b>	<b>Content Delivery</b>
AASLD / ILTS Transplant Course: Future Frontiers in Liver Transplantation	Part 1: Cutting edge in Liver Transplantation	1.50	1.50	In Person & On Demand
AASLD / ILTS Transplant Course: Future Frontiers in Liver Transplantation	Part 2: Liver Transplantation: New	1.25	1.25	In Person & On Demand
AASLD / ILTS Transplant Course: Future Frontiers in Liver Transplantation	Part 3: Regulations / Access & Equity	1.50	1.50	In Person & On Demand
AASLD / ILTS Transplant Course: Future Frontiers in Liver Transplantation	Part 4: The next phase for Liver Transplantation	1.50	1.50	In Person & On Demand
AASLD/ASGE Endoscopy Course	Part 1: Weight Management in cirrhosis	1.50	1.50	In Person & On Demand
AASLD/ASGE Endoscopy Course	Part 2: Endoscopic Management in Cirrhotics	1.25	1.25	In Person & On Demand
AASLD/ASGE Endoscopy Course	Part 3: Endoscopic management for cancer	1.50	1.50	In Person & On Demand
AASLD/ASGE Endoscopy Course	Part 4: Endoscopic management of complex	1.50	1.50	In Person & On Demand
Basic Science Symposium: Bile Acids at The Cross-Road of The Gut-Liver and Brain-Liver Axes	Part 1: Bile acids: intra-, para- and endocrine hormones	1.50	1.50	In Person & On Demand
Basic Science Symposium: Bile Acids at The Cross-Road of The Gut-Liver and Brain-Liver Axes	Part 2: Bile acids: microbial regulation of the gut-liver axis	1.50	1.50	In Person & On Demand
Basic Science Symposium: Bile Acids at The Cross-Road of The Gut-Liver and Brain-Liver Axes	Part 3: Bile acids in the brain liver axis	1.50	1.50	In Person & On Demand
Basic Science Symposium: Bile Acids at The Cross-Road of The Gut-Liver and Brain-Liver Axes	Part 4: Translational aspects of bile acids, intestinal microbiome and the gut-liver-brain axis	1.50	1.50	In Person & On Demand
Hepatology Skills Workshop 1		1.25	1.25	In Person & On Demand
Hepatology Skills Workshop 2		1.50	1.50	In Person & On Demand
Postgraduate Course: Cirrhosis as a Multisystem Disorder	Part 1: Epidemiology, risk factors, diagnosis and prognosis	1.75	1.75	In Person & On Demand
Postgraduate Course: Cirrhosis as a Multisystem Disorder	Part 2: Cross talk with the immune system and gut-brain axis	1.25	1.25	In Person & On Demand
Postgraduate Course: Cirrhosis as a Multisystem Disorder	Part 3: Cross talk with cardiopulmonary and renal systems	1.50	1.50	In Person & On Demand

Postgraduate Course: Cirrhosis as a Multisystem Disorder	Part 4: Cirrhosis as a systemic disease: emerging insights and future directions	1.75	1.75	In Person & On Demand
Academic Debate		1.00	1.00	In Person & On Demand
Applied Health Informatics in Action		1.50	1.50	In Person & On Demand
Artificial Intelligence for the Diagnosis and Treatment of Liver Fibrosis		1.50	1.50	In Person & On Demand
Autoimmune Hepatitis: What to Do When Prednisone and Azathioprine Isn't Enough		0.75	0.75	In Person
Building a Program to Mitigate Racial/Ethnic Disparities in Transplant Access		0.75	0.75	In Person
Career Development Workshop		1.50	1.50	In Person & On Demand
Clinical Practice Challenges		1.50	1.50	In Person & On Demand
Current Trends in Liver Transplants		1.00	1.00	In Person & On Demand
Drug-Induced Liver Injury From Cancer Therapies		1.50	1.50	In Person & On Demand
Early Liver Transplantation for Severe Alcohol-Associated Hepatitis: the Keys for Selection, Prognostication and Monitoring		1.50	1.50	In Person & On Demand
Emerging Trends in Herbal and Dietary Supplement-induced Hepatotoxicity and Acute Liver Failure		0.75	0.75	In Person
Epidemiological Trends in Alcohol-Associated Liver Disease		0.75	0.75	In Person
Hepatitis B: Optimizing Diagnosis and Management to Achieve Elimination		1.50	1.50	In Person & On Demand
Hepatitis C Virus Screening and Treatment in Pregnancy		0.75	0.75	In Person
How to Manage Insufficient Response to UDCA in Primary Biliary Cholangitis		0.75	0.75	In Person
HRS-AKI: A Critical Appraisal of the Definition and the Management		0.75	0.75	In Person
Improving Outcomes in Patients with Portal Hypertension and ACLF: Beyond the Guidelines	Part 1: Portal Hypertension	1.50	1.50	In Person & On Demand
Improving Outcomes in Patients with Portal Hypertension and ACLF: Beyond the Guidelines	Part 2: Multidisciplinary and Critical Care Management of ACLF	1.50	1.50	In Person & On Demand
Innovations in Transplantation: Now and Beyond		1.50	1.50	In Person & On Demand
Management of AKI-HRS - Terlipressin and More		0.75	0.75	In Person

Management of Benign Liver Lesions: What to Do If It's Not a Cancer		0.75	0.75	In Person
MASLD from Tweens to Twenties - Steering Toward Improved Outcomes	Part 1: MASLD in pediatrics and young adults	1.50	1.50	In Person & On Demand
MASLD from Tweens to Twenties - Steering Toward Improved Outcomes	Part 2: Innovations in pediatric and young adult MASLD	1.50	1.50	In Person & On Demand
Multomics Approaches for Defining Cholangiocyte Dynamics		0.75	0.75	In Person
Navigating Career in Hepatology: Tips and Strategies for LGBTQ+ and Ally		0.75	0.75	In Person
Non-Invasive Tests for MASLD/MASH: Moving the Field Forward		1.00	1.00	In Person & On Demand
Organoids to Model and Develop New Treatments for Liver Disease		0.75	0.75	In Person
Overcoming Challenges in the Hepatitis C Care Cascade		1.50	1.50	In Person & On Demand
Portal Hypertension in Children: To Treat or Not to Treat		0.75	0.75	In Person
President's Choice: Digitized Medicine		0.75	0.75	In Person & On Demand
Risk Stratification and Emerging At-risk Populations for Hepatocellular Carcinoma		0.75	0.75	In Person
Role of Systemic Therapy from Early to Advanced Stages of HCC		1.50	1.50	In Person & On Demand
Screening and Early Detection in ALD		0.75	0.75	In Person
Spatial and Single Cell Omics: Powerful Tools, with a Grain of Salt		0.75	0.75	In Person
Spatial Cellular Interactions and Functions in Liver Health and Disease		1.50	1.50	In Person & On Demand
Steatotic Liver Disease Nomenclature Implementation Symposium		1.50	1.50	In Person & On Demand
Surgery & Liver Transplantation Workshop	Part 1: Do we have a level playing field? Addressing inequity in access to liver transplantation	1.50	1.50	In Person & On Demand
Surgery & Liver Transplantation Workshop	Part 2: Pushing the envelope in liver transplantation	1.50	1.50	In Person & On Demand
The Gut-Liver Axis as Therapeutic Target in Cholestatic Liver Disease		1.50	1.50	In Person & On Demand
AASLD Practice Guidelines Workshop- What's New		1.50	1.50	In Person & On Demand

AASLD / NASPGHAN Pediatric Symposium	Part 1: Epidemic of Severe Acute Hepatitis in Children: Epidemiology, Breakthroughs, and Future Response	1.50	1.50	In Person & On Demand
AASLD / NASPGHAN Pediatric Symposium	Part 2: Hepatology meet Hematology: Can one live without the other?	1.50	1.50	In Person & On Demand
Advances in the Management of Primary Biliary Cholangitis (PBC), Primary Sclerosing Cholangitis (PSC) and Cholangiocarcinoma: A Global Perspective		1.50	1.50	In Person & On Demand
AI and Machine Learning AI in Cirrhosis/PortalHypertension		0.75	0.75	In Person
Alcohol-Associated Liver Disease: Experimental Approaches to Decipher Pathogenesis		1.50	1.50	In Person & On Demand
APP-Led Care & Quality Initiatives		1.00	1.00	In Person & On Demand
Basic Research Workshop: Humanized Models: Tools to Advance Liver Disease Research	Part 2: Emerging humanized approaches to model liver disease	1.50	1.50	In Person & On Demand
Clinical Dilemmas in the Management of Advanced PSC		0.75	0.75	In Person
Clinical Plenary #1		1.00	1.00	In Person & On Demand
Emerging Therapies in Pediatric Obesity and MASLD: To Treat or Not to Treat		0.75	0.75	In Person
Emerging Translational Approaches Targeting Cellular-geospatial Heterogeneity in Cholangiocarcinoma		1.50	1.50	In Person & On Demand
Epidemiology and Natural History of MASLD		1.50	1.50	In Person & On Demand
Evolving Impact of Hepatology Associates in Liver Care		1.50	1.50	In Person & On Demand
Evolving Treatment Paradigms in Hepatocellular Carcinoma		1.50	1.50	In Person & On Demand
Experimental Insights into MASLD and MASH		1.50	1.50	In Person & On Demand
Experimental MASLD - Clinical		1.50	1.50	In Person & On Demand
General Hepatology Update		1.50	1.50	In Person & On Demand
Genetic and Metabolic Disease: Diagnosis, Outcomes, and Treatment		1.50	1.50	In Person & On Demand
Health Disparities Solutions		1.50	1.50	In Person & On Demand
Hepatitis B: New Therapies for HBV and HDV		1.50	1.50	In Person & On Demand

Hepatitis C Management in Hard-to-Reach Populations		0.75	0.75	In Person
Hepatitis Delta: Treatment and Cure		0.75	0.75	In Person
Hepatology Associates Course	Part 1: Hepatobiliary What ??	1.50	1.50	In Person & On Demand
Hepatology Associates Course	Part 2: Health Disparities in Underrepresented & Unique Populations	1.50	1.50	In Person & On Demand
How to Prevent Futile Transplants of Sick Patients in the ICU		0.75	0.75	In Person
Hyman J. Zimmerman Hepatotoxicity SOA: New Diagnostic Approaches in Acetaminophen Acute Liver Injury		0.50	0.50	In Person & On Demand
Implementation Heroes: Masters of the Art of Care Delivery in Hepatology		1.50	1.50	In Person & On Demand
Implementation of Pharmacotherapy of Obesity and MASLD in Liver Clinics		0.75	0.75	In Person
Improving Health Equity in Liver Disease: Less Talk, More Action		0.75	0.75	In Person
Innate Immunity in Liver Fibrosis: Mechanisms and Therapeutic Targets		0.75	0.75	In Person
Liver Transplant Outcomes		1.50	1.50	In Person & On Demand
Management of Liver Disease after HCV Cure		0.75	0.75	In Person
Mitochondrial Homeostasis and Quality Control in DILI		0.75	0.75	In Person
Multidisciplinary Care in Hepatology and Transplant		0.75	0.75	In Person
New 2023 WHO Hepatitis B Global Guidelines on Diagnosis, Treatment and Service Delivery	Implementation Considerations for Expanding Access to Treatment in Different Regions	1.00	1.00	In Person
Novel Biomarkers in MASLD/MASH		1.50	1.50	In Person & On Demand
Novel Diagnostics in Liver Cancer		1.50	1.50	In Person & On Demand
Pediatric Hepatology - Clinical		1.50	1.50	In Person & On Demand
Pediatric Liver Transplantation		1.50	1.50	In Person & On Demand
Portal Hypertension: Varices and Bleeding		1.50	1.50	In Person & On Demand
Pregnancy in Liver Disease		0.75	0.75	In Person
The Editors' Cut: Basic and Translational Studies		1.50	1.50	In Person & On Demand
The Editors' Cut: Clinical Studies		1.50	1.50	In Person & On Demand
The Gritty Ascent to Leadership for Women in GI		1.50	1.50	In Person & On Demand
The Social Determinants of Liver Health		1.50	1.50	In Person & On Demand

Thomas E. Starzl Transplant Surgery SOA: Alcohol-associated Liver Disease: Transplant Triumphs and Challenges		0.50	0.50	In Person & On Demand
Transplant Surgery Plenary		1.00	1.00	In Person & On Demand
Update on HBV Cure		0.75	0.75	In Person
A Workshop in Advocacy in Pediatric Liver Transplantation		0.75	0.75	In Person
AASLD/Japanese Joint Symposium: Cutting Edge: Approach to diagnostics and treatments in chronic liver disease.		1.50	1.50	In Person & On Demand
Acute on Chronic Liver Failure: Better Characterize and Treatment		1.50	1.50	In Person & On Demand
Advances in Liver Disease Diagnostics and Therapeutics		1.50	1.50	In Person & On Demand
Albumin Use in Patients with Decompensated Cirrhosis: A Debate		0.75	0.75	In Person
Alcohol All Things Considered - Biomarkers to Developing a Clinical Research Program in Alcohol-associated Liver Disease		1.50	1.50	In Person & On Demand
Alcohol Related Liver Disease: Epidemiology, Mortality, and Treatment		1.50	1.50	In Person & On Demand
Ascites, AKI, and Albumin		1.50	1.50	In Person & On Demand
Basic Science Plenary		1.00	1.00	In Person & On Demand
Breaking the Chains of Cholestatic Liver Injury: Advancements and Promising Treatment Strategies		1.50	1.50	In Person & On Demand
Cholangiocarcinoma in PSC: Screening, Diagnosis and Management		0.75	0.75	In Person
Clinical Plenary #2		1.00	1.00	In Person & On Demand
Clinical Research Workshop, Innovations in Clinical Studies or Clinical Trials for Liver Diseases	Part 1	1.50	1.50	In Person & On Demand
Clinical Research Workshop, Innovations in Clinical Studies or Clinical Trials for Liver Diseases	Breakout A: Non Alcoholic and Alcohol Induced Liver Disease	1.00	1.00	In Person
Clinical Research Workshop, Innovations in Clinical Studies or Clinical Trials for Liver Diseases	Breakout B: Liver Cancer	1.00	1.00	In Person
Clinical Research Workshop, Innovations in Clinical Studies or Clinical Trials for Liver Diseases	Breakout C: Cirrhosis and Liver Transplantation	1.00	1.00	In Person

Clinical Research Workshop, Innovations in Clinical Studies or Clinical Trials for Liver Diseases	Breakout D: Rare Diseases (Pediatric + Others)	1.00	1.00	In Person
COVID-19 and the Liver - Relevance in 2023		0.75	0.75	In Person
Decoding the Immunological Tango: Unraveling the Complex Interplay Between Inflammation and Liver Disease		1.50	1.50	In Person & On Demand
Designing the Future of Liver Disease Care Facing a Decreasing Healthcare Workforce		0.75	0.75	In Person
Don't Be Scarred: Basic Fibrosis Research		1.50	1.50	In Person & On Demand
Frailty Assessment of the Cirrhotic Patient		0.75	0.75	In Person
Gut Microbiota-Liver Crosstalk		1.50	1.50	In Person & On Demand
Hans Popper SOA: Next Generation Human Liver Gene Therapy		0.50	0.50	In Person & On Demand
HBV Virology, Pathogenesis & Immunology		1.50	1.50	In Person & On Demand
Hepatitis B/D: Controversies in Diagnosis, Natural History and Treatment		1.50	1.50	In Person & On Demand
Hepatitis C --Innovations to Advance Elimination		1.50	1.50	In Person & On Demand
How Machine Perfusion Technologists Can Change the Practice of Liver Transplant		0.75	0.75	In Person
Immunology in Alcohol-associated Liver Disease		0.75	0.75	In Person
Insights into Basic Mechanisms of Hepatocarcinogenesis		1.50	1.50	In Person & On Demand
Late Breaking Abstracts #1		1.50	1.50	In Person & On Demand
Late Breaking Abstracts #2		1.50	1.50	In Person & On Demand
Leon Schiff SOA: Personalized Approach to HCC		0.50	0.50	In Person & On Demand
Liver Biopsy in DILI		0.75	0.75	In Person
Management of MASLD/MASH: There's an App for That		0.75	0.75	In Person
MASLD - Approved/Available Therapeutics		1.50	1.50	In Person & On Demand
Mechanobiology and Portal Hypertension		0.75	0.75	In Person
Metabolic Alterations as Drivers of Progressive Liver Fibrosis and Portal Hypertension		0.75	0.75	In Person

Metabolic dysfunction-associated steatotic liver disease (MASLD): Global Variances and Therapeutic Approach		1.50	1.50	In Person & On Demand
New Insights in Brain-Gut Connection in Cirrhosis		1.50	1.50	In Person & On Demand
Novel Therapeutic Approaches for MASH		1.50	1.50	In Person & On Demand
Overcoming Inequalities in Health to Eliminate Hepatitis		1.50	1.50	In Person & On Demand
Patient Centered Outcomes in Liver Disease Care		1.50	1.50	In Person & On Demand
Pediatric Hepatology - Basic Science		1.50	1.50	In Person & On Demand
Targeting Genomics for Liver Disease Prognostics and Therapeutics		1.50	1.50	In Person & On Demand
The Liver, the Heart and the Vascular System		1.50	1.50	In Person & On Demand
The Spectrum of Cholestatic DILI: Diagnosis, Management and Long-term Outcome		0.75	0.75	In Person
Understanding and Reducing Liver Health Disparities in Marginalized Populations		1.50	1.50	In Person & On Demand
Vascular Liver Disease: From Bench to Bedside		1.50	1.50	In Person & On Demand
Why Are You So Toxic: Mechanisms of Hepatotoxicity		1.50	1.50	In Person & On Demand
Withdrawal of Nucleos(t)ide Analogues		0.75	0.75	In Person
Debrief Session I		2.00	2.00	In Person & On Demand
Debrief Session II		2.50	2.50	In Person & On Demand
Late Breaking Abstracts #3		1.00	1.00	In Person & On Demand
