Once payment has been submitted, you will be automatically emailed a payment confirmation/receipt and will also see the button below show up on the payment section of your submission to acknowledge the payment was received.

**Step H: Adding Abstract Authors**

In the Author step, you will provide all authors and co-authors of your work. When you first get to this step, you will see the Author Search tool. This search enables you to locate authors already in our system and add them to your abstract. If they are not already in our system, you will also have the option to add a new author.
Searching for a New Author:

Enter their first name, last name or email address in the search field. If your search results in any potential matches, the results will be provided in a drop-down list directly from the search bar.

If there are no matches to your search, the drop-down list will say “No Results.” To add a new person, click the ADD NEW PERSON button located below.

Once you have added your authors, you will then have the opportunity to designate your presenting author as well as adjust the order in which the authors are listed.
