IMPACT MOVED THEFIELD

SCIENTIFIC LEADERSHIP

Led the science that shaped the field.

- Released updated clinical guidelines for hepatitis B and liver transplantation.
- Published new guidance on semaglutide for MASLD and MASH treatment and care for children with MASLD.
- Led the field through HEPATOLOGY, Hepatology Communications, and Liver highly competitive impact factors.

EDUCATION

Delivered knowledge that transformed practice.

- Offered **51** new online LiverLearning courses in 2025.
- **Collaborated** with AAPA and ACOFP hepatology care.
- **Engaged nearly one-third** of AASLD

PUBLIC POLICY

Championed policies that protected patients.

- Conducted **100+** virtual and in-person Hill visits.
- Engaged our member community in sending more than 2,200 letters to legislators.
- **Defended evidence-based** hepatitis B birth dose vaccine guidelines, challenging CDC's ACIP recommendations.

GLOBAL COLLABORATION

Strengthened engagement that expanded global reach.

- Collaborated with **20+** international societies across Asia, Africa, Europe,
- **30%** of TLM 2025 registrants represented global attendees.
- 20% of AASLD's overall membership

MEMBER EXPERIENCE

Engaged a vibrant member community that increased connection.

- **60%** of TLM 2025 and TLMdX registrants
- Welcomed nearly 1,200 new members since July 1.
- 25% increase in growth across all member categories since June 2021.

THE LIVER MEETING® AASLD's work in 2025 created

meaningful impact across science, clinical practice, advocacy, education, and our

entire member community.

From elevating scientific standards and expanding education to influencing national policy and building more engaged global and member communities, our collective efforts strengthened the foundation on which future breakthroughs will stand.

Delivered the premier hepatology convening that united the field.

- Brought together nearly 9,000 attendees, expanding engagement across key member segments, including APPs and patients.
- Developed **98 of 110** sessions in and Special Interest Groups (SIGs).
- Featured 2,600+ poster presentations and 265 hours of scientific programming.

DIGITAL TRANSFORMATION

Expanded innovation that supported mission delivery.

- Branded and integrated the **Policy Action Center** on AASLD.org.
- Rebuilt **HCVGuidelines.org** to improve access and usability.
- Launched the **AASLD SIGnal** platform collaboration across SIGs.

AASLD FOUNDATION

Invested in people and projects that advanced hepatology.

- Invested nearly \$2M+ invested in 150+ early-career clinicians and investigators.
- Celebrated the Foundation's milestone 10th anniversary year.
- Conducted a comprehensive portfolio review, through the generosity of the R. Todd Stravitz AASLD Foundation Research Fund.

2025 **YEAR IN REVIEW**
