2026 Awards & Honors Gala

A night honoring AASLD and AASLD Foundation awardees who are *ELEVATING* the field and taking our community to new heights.

Saturday, November 7 | 7:30 PM
Colorado Convention Center, Hall A
Denver, CO

It is our honor and pleasure to welcome you to the AASLD and AASLD Foundation 2026 Awards & Honors Gala. **This gathering allows all of us to recognize and celebrate the members and funders who are *ELEVATING* our field.**

The AASLD Foundation fuels the progress AASLD is making on our quest to eradicate liver disease by investing in innovative research and the people who study and treat liver disease. In 2026, those efforts led to the establishment of the Stravitz Visionary Award, the largest research award in AASLD Foundation history. The generosity of the Stravitz family will impact countless liver patients with liver disease. This $500,000 award *ELEVATES* our ability to undertake new research and bring the best possible care to our patients. **On behalf of the entire AASLD community, we express our gratitude to the Stravitz family for their commitment to advancing liver health.**

In addition to making history with the Stravitz Award, this past year the AASLD Foundation awarded more than $2 Million in liver research and training grants to over 185 grantees. **This is truly an exceptional feat in a challenging and unprecedented political climate for the medical community.**

Throughout TLM and especially tonight, we celebrate the impact our community makes to the field of hepatology. It is a great pleausre to honor the individual whose dedication to research, education, service, and mentorship is advancing hepatology, inspiriing future generations of hepatologists, and improve care for patients worldwide. Through the support of both the AASLD and AASLD Foundation, these efforts will continue to move the field forward.

Thank you,

Kimberly Ann Brown, MD, FAASLD
AASLD Foundation Board of Trustees Chair

Saul J. Karpen, MD, PhD, FAASLD
AASLD President

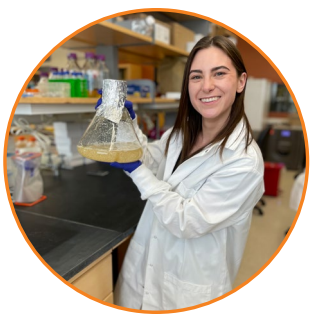

INVESTING IN THE FUTURE OF HEPATOLOGY

For more than a decade, the AASLD Foundation has invested in the people, research, and ideas **shaping the future of liver health**. Together, AASLD and AASLD Foundation have provided more than **$65 million to support innovative research since 2000,** helping researchers and clinicians work to prevent and cure liver disease. In 2026 alone, the AASLD Foundation awarded **more than $2 million to over 185 recipients** supporting their research and career development and helping ELEVATE liver care around the world.

With the support of our donors, we are **creating opportunities today** that will shape the discoveries and leaders of tomorrow.

OUR VISION

To prevent and cure liver disease.

OUR MISSION

To invest in innovative hepatology research and in the people who study and treat liver disease.

2026 DISTINGUISHED AWARDEES

The Distinguished Awards are AASLD's most prestigious awards. Selected by AASLD members who serve on the Distinguished Awards Committee and approved by AASLD's Governing Board, AASLD proudly recognizes these deserving colleagues for their accomplishments and contributions to the liver community.

ACLF & Portal Hypertension — From Mechanism to Mastery

February 19 - 21, 2027 | Las Vegas, Nevada

#AASLDETC

Take a closer look at what we know and dig deeper into the questions that remain unanswered on ACLF and portal hypertension:

- How should we define and risk-stratify these conditions?
- What happens when portal hypertension and ACLF intersect?
- How do we make the right decisions when patients become critically ill?
